

ERP2 - Import Stipendi

Configurazione iniziale

Opzioni ed automatismi

The screenshot displays the 'Import Prime Note Sam Erp' application window. The title bar shows the application name and standard window controls. Below the title bar, the breadcrumb path is 'Nome Tracciato : Omnia_Zucchetti_Paghe'. The main interface features a sidebar on the left with a large orange icon of a square containing a downward arrow. The main area contains three configuration fields: 'File da Importare' with the path 'portPNSamErp\UnitTest_ImportPNSamErp\esempio_file_paghe_gennaio.txt' and a file selection button; 'Data Registrazione' with a date dropdown set to 'giovedì 31 gennaio 2019'; and 'Causale Contabile' with a dropdown set to 'Prima Nota Stipendi - X41'. At the bottom, there is a 'Log Operazioni' section with a search icon and an empty text area.
